VS-280 Series

VS-280-SS
(Silver)

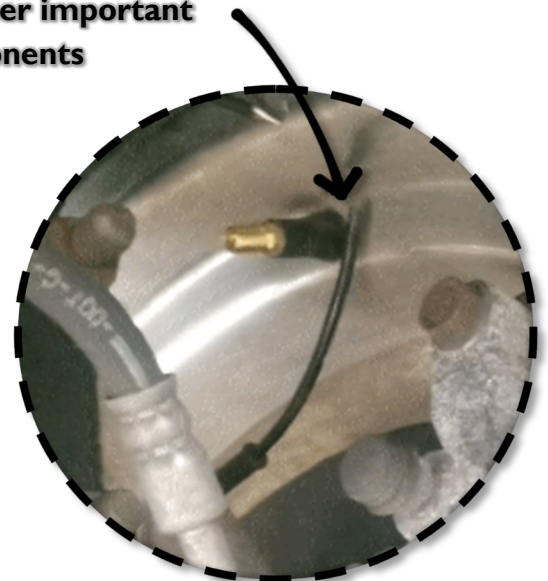

0.85"

VS-280-SB
(Black)

I may be small, but I solve BIG problems and look good doing it!

Improper valve fitments can cut wheel speed sensor wires, wear through brake lines, or hit other important components

- Short TPMS clamp-in stems designed specifically for aftermarket wheels with minimal valve clearance
- Fits Dill 5001 & 5002 sensors along with any OE sensor that accepts VS-20, VS-65, VS-950, or VS-240
- Made with corrosion-resistant plating so it is 4-season safe!
